14 February 2018

Residents of the City of Freeport

The City of Freeport has contracted with Municipal Well & Pump, of Waupun, WI to bore a test well for a possible production well for our residents, pending water flow volume and quality results. The location of this test well is at the Fields of Freeport subdivision, off of Burchard Avenue, and the depth of this test well will be approximately 1,200'.

The work is to begin on Thursday, February 15<sup>th</sup> and this test phase is expected to be completed no later than June 30<sup>th</sup>.

The boring of the well will take place during the hours of 7:00 a.m. to 3:30 p.m. Monday through Friday. At times, there will be noise, but will be kept to a minimum as possible and practical.

Thank you, in advance, for your patience and consideration.

If you have any questions or concerns, please contact me using the information at the bottom of this message.

Respectfully,

Tom Kopanski  
Director of Utility Operations  
Freeport Water & Sewer
