The Purpose of the Investment Policy

This investment policy is set forth by the Board of Trustees in order to:

- Define and assign the responsibilities of all involved parties.
- Establish a clear understanding of all involved parties of the investment goals and objectives of Pension Fund.
- Establish the relevant investment horizon for which the Fund assets will be managed.

In general, the purpose of this policy is to outline a philosophy which will guide the investment management of the assets toward the desired results. It is intended to be sufficiently specific to be meaningful, yet flexible enough to be practical. This document is intended to serve as a reference tool, an operating code, and a communications link between the Board of Trustees, its staff, and its investment professionals.

Distinction of Responsibilities

The Board of Trustees' Authority and Responsibilities

The Board of Trustees will conduct their responsibilities with the care, skill, and caution under the circumstances then prevailing which a prudent person acting in a like capacity and familiar with those matters would use in the conduct of an activity of like character and purpose. The Board of Trustees may delegate functions that a prudent entity acting in a like capacity and familiar with those matters could properly delegate under the circumstances. The Board of Trustees shall discharge their duties with respect to the Pension Fund solely in the interest of the Pension Fund.

The Board of Trustees will generally be responsible for the following:

- 1) Complying with applicable laws, regulations, and rulings.
- 2) Selecting all qualified investment professionals.
- 3) Monitoring and evaluating investment performance and compliance with this Policy.

- 5) Establishing and reviewing the appropriateness of the Pension Fund's asset allocation policy.
- 6) Taking action according to this Policy.

The Investment Manager's Authority and Responsibilities

The Board of Trustees will hire competent, registered professional investment managers to manage the assets of the Pension Fund. Investment managers have the following responsibilities:

- 1) Vote proxy issues on securities held, unless a third party proxy voting service provider has been retained by the Pension Fund. All proxies will be voted exclusively for the best interests of the Pension Fund and their participants. Managers will maintain written policies for proxy voting and keep a proper record of all proxies to which the Program is entitled. A written report will be provided annually.
- 2) Provide written reports to the plan sponsor and consultant on at least a quarterly basis detailing performance for the most recent period as well as the current outlook of the equity and fixed income markets.
- 3) Notify the client and the investment consultant on a timely basis of any significant changes in the ownership, organizational structure, investment strategy, portfolio design, or configuration of the investment team.

- 4) All qualified investment managers retained by the Board of Trustees will exercise discretion within the parameters set forth in these guidelines for the portfolio(s) they manage on behalf of the Pension Fund (see Addendum A).

The Investment Consultant's Authority and Responsibilities

- 1) Complying with applicable laws, regulations, and rulings.
- 2) Maintaining databases of qualified investment managers, custodians, securities lending providers, and third party proxy voting service providers.
- 3) If needed, the investment consultant will assist the Board of Trustees with the search and selection of investment managers, custodians, securities lending providers, and third party proxy voting service providers.

The Custodian's Authority and Responsibilities

The Trustees will select a third party custodian to safe-keep the assets of the Pension Fund, consisting of either the Treasurer of the City, a bank or trust company authorized to conduct a trust business in Illinois, or the Illinois Public Treasurer's Investment Pool. The custodian will comply with all of the provisions of the Illinois Pension Code relating to Custody of Investments (40 ILCS 5/1-113.7). The custodian will perform (but not limited to) the following:

- 1) hold and safeguard the assets of the Pension Fund,

- 2) collect the interest, dividends, distributions, redemptions or other amounts due,
- 3) provide monthly reporting to all necessary parties,
- 4) forward any proxies to the investment manager, the client, or their designee,

The commission recapturing agent will execute all trades on a best execution basis. Periodic reports detailing the commissions recaptured will be provided to the client and the investment consultant monthly. The commission recapturing agent retained by the Board of Trustees will exercise discretion within the parameters set forth in these guidelines on behalf of the Pension Fund (see Addendum A).

The Third Party Proxy Voting Service Provider's Authority and Responsibilities

The Board of Trustees may utilize a third party proxy voting service provider to vote the proxies of the stocks held by the Pension Fund in the best interest of the Pension Fund. Proxy voting guidelines are attached in Addendum E. The third party proxy voting service provider retained by the Board of Trustees will exercise discretion within the parameters set forth in these guidelines on behalf of the Pension Fund (see Addendum A). The service provider is required to provide annual written reports detailing the voting record specific for the Pension Fund's assets.

Investment Objectives

Return Objectives

The primary return objectives of the Pension Fund are to:

- (a) preserve the safety of principal,
- (b) earn the highest possible total return consistent with prudent levels of risk, and
- (c) create a stream of investment returns to insure the systematic and adequate funding of actuarially determined benefits through contributions and professional management of the Pension Fund assets.

To achieve these goals, the Pension Fund has been optimized to meet its actuarial assumed rate of return (see Addendum B). The performance objective for the Pension Fund is to exceed, after investment management fees, a customized blended benchmark. To evaluate success, the Board of Trustees will compare the performance of the Pension Fund to the actuarial assumed rate of return and the performance of a custom benchmark. This benchmark represents a passive implementation of the historical investment policy targets and it is re-balanced regularly.

Risk Tolerance

While achieving the return objectives, the Pension Fund is able to tolerate certain levels of risk, which are:

- (a) to accept prudent levels of short and long-term volatility consistent with the near-term cash flow needs, funding level, and long-term liability structure of the Pension Fund,
- (b) to tolerate appropriate levels of downside risk relative to the Pension Fund's actuarial assumed rate of return (see Addendum B). In doing so, the Board of the Trustees will attempt to minimize the probability of underperforming the Pension Fund's actuarial assumed rate of return over the long-term and to minimize the shortfall in the event such underperformance occurs,
- (c) to accept certain variances in the asset allocation structure of the Pension Fund relative to the broad financial markets and peer groups, and
- (d) to tolerate certain levels of short-term underperformance by the Pension Fund's investment managers.

Constraints on the Investment Objectives

The investment objectives of the Pension Fund are constrained by the Illinois Pension Code, time, taxes, and liquidity. The Pension Fund will operate in accord with the applicable provisions of the Illinois Pension Code, as amended. The Pension Fund is a tax-exempt entity, but can be subject to taxes involving to unrelated business taxable income ("UBTI"). UBTI is income earned by a tax-exempt entity that does not result from tax-exempt activities. The liquidity needs of the Pension Fund are to meet the regular cash flow requirements of the Pension Fund.

Asset Allocation and Rebalancing Procedures

General Methods and Frequency of Evaluating the Asset Allocation

The Board of Trustees, with the assistance of the investment consultant, will review the target asset allocation of the Pension Fund at least every three years. They will take into consideration applicable statutes, the actuarial rate of return of the Pension Fund, the long-term nature of the asset pool, the cash flow needs of the Pension Fund, and the general asset allocation structure of their peers. They will make assumptions on the capital markets over the long-term and optimize the asset allocation to best meet the actuarial and cash flow needs of the Pension Fund at a prudent level of risk.

Asset Allocation/Rebalancing

The Board of Trustees has established the target asset allocation and permissible percentage ranges shown in the table set forth below:

Asset Class	Target	Minimum*	Maximum*
Core Intermediate Bonds	<u>45.0%</u>	<u>40.0%</u>	<u>50.0%</u>
Total Fixed Income	45.0%	40.0%	50.0%
All-Cap Core Equity	25.0%	20.0%	30.0%
Mid-Cap Growth Equity	5.0%	0.0%	10.0%
Small-Cap Core Equity	5.0%	0.0%	10.0%
Small-Cap Value Equity	<u>5.0%</u>	<u>0.0%</u>	<u>10.0%</u>
Total Domestic Equity	40.0%	30.0%	50.0%
Large Cap International Equity	12.0%	7.0%	17.0%
Small Cap International Equity	<u>3.0%</u>	<u>1.0%</u>	<u>5.0%</u>
Total International Equity	15.0%	8.0%	22.0%
Total Cash	0.0%	0.0%	10.0%
TOTAL	100.0%		

*May not equal 100%

The Board of Trustees, with the assistance of the investment consultant, will review the asset allocation of the Pension Fund on a regular basis and adjust the portfolio to comply with the guidelines above. The Board of Trustees anticipates that the on-going natural cash flow needs of the Pension Fund (contributions and withdrawals) will be sufficient to maintain the asset allocation of the Pension Fund within policy guidelines under most market conditions.

Investment Professional Selection, Communication, and Evaluation

Investment Manager Selection

No investment managers shall be hired who are a party in interest or who have not, by their record and experience, demonstrated their fiduciary responsibility, their investment expertise, their investment experience, and their capacity to undertake the mandate for which they are being considered. Investment managers are required to comply with the following:

- 1) Acknowledge in writing a fiduciary and investment manager relationship with respect to the Pension Fund as defined by Illinois law.
- 2) Be currently registered and maintain registration as an investment advisor under the Investment Advisors Act of 1940, a bank (as defined in the Act), or an insurance company qualified to perform investment management services under the law of more than one state unless otherwise approved on an exception basis, and
- 3) Be granted by the Pension Fund the power to manage, acquire or dispose of any assets of the Pension Fund pursuant to the Pension Fund documents.

The Pension Fund will establish investment guidelines for the investment managers and, with the assistance of the investment consultant, will conduct due diligence before the appointment of all investment managers.

Frequency of Measurement and Meetings

The Board of Trustees, with the assistance of the investment consultant, expects to measure investment performance quarterly.

Investment Manager Communication and Evaluation Terminology

The following terminology has been developed to facilitate efficient communication between the investment managers, investment consultant, and the program staff. Each term signifies a particular status with the Fund and any conditions that may require improvement. In each case, communication is made only after consultation with the Board of Trustees.

<u>STATUS</u>	<u>DESCRIPTION</u>
A. <i>"In Compliance"</i>	The investment manager states it is acting in accordance with the Investment Policy Guidelines.
B. <i>"Alert"</i>	The investment manager is notified of a problem in performance (usually related to a benchmark or volatility measure), a change in investment characteristics, an alteration in management style or key investment professionals, and/or any other irregularities. The investment manager will be completing a monthly compliance checklist from the investment consultant to ensure thorough oversight.
C. <i>"On Notice"</i>	The investment manager is notified of continued concern with one or more Alert issues. Failure to improve upon stated issues within a specific time frame justifies termination. The investment manager will be completing a monthly compliance checklist from the investment consultant to ensure thorough oversight.
D. <i>"Termination"</i>	The program's management has decided to terminate the investment manager. The investment manager is notified and transition plans are in place.
